

SPARTA HIGH SCHOOL

MISSION STATEMENT

“Commitment to Excellence”

VISION STATEMENT

School Centered statement outlining what we want our school to become

Sparta High School is committed to providing our students with a rigorous and challenging educational program: academically, personally, and socially. Through this, we will ensure that all students will be provided the opportunity to meet with their personal level of achievement so they can succeed within a global society.

BELIEF STATEMENTS

Components that we work to include in order to realize our vision

We believe that all students at Sparta High School can/will:

- Become curious, life-long learners who add positive value to our global society;
- Approach problems critically;
- Make sound, educated decisions;
- Be independent, conscientious, selfless, sincere, and caring citizens;
- Exhibit confidence and compassion while accepting one another, celebrating their differences;
- Demonstrate a boundless curiosity in an articulate and analytical manner;
- Have a vision for their lives;
- Be proud, life-long Sparta Spartans!

FACULTY AND STAFF COMMITMENT TO STUDENTS LEARNING

In order to achieve our mission:

- We believe that curriculum alignment, common formative and summative assessments, standards-based instruction, and remediation/enrichment enable us to effectively monitor our student progress and use data obtained to continually improve our instruction.
- Administration, departments, and individual educators will celebrate/publicize students and staff achievements in all areas.
- We believe that continuous, ongoing individual, departmental, and school-wide professional development is necessary to fulfill our mission.
